

TRAINING SESSION INFORMATION

Thank you for booking an appointment as a model for Francesco Group trainee hairdressers. It is only by working on actual models that our trainees gain the necessary practical experience required to become high class hairdressers with the Francesco Group.

The Academy is a training establishment therefore, we feel we should make you aware of the different procedures you may experience compared to a normal Francesco Group Salon.

- Time taken will vary considerably from a salon, for all services and trainee to trainee depending on their experience.
- We do not always take request bookings for particular trainees.
- All trainees are fully supervised on all practical sessions, technical work and cutting, but this cannot guarantee a 100% successful result.
- Trainees do have 'specific looks' which are required for their portfolio work to achieve their qualification and models may be asked to allow trainees to style their hair using a method they may not want, we would then style hair in the required look, but this would of course take extra time.
- Skin tests are required. If you have not had colour services with us before or within the last 3 months, you will need to have a skin test 48 hours before your appointment, for your comfort and protection.

I have read and understood the above statements.
